2) EXISTING MOUNTING HOLES IN BOX TO MOUNT  
CROSS BAR. DRILL Ø.281 HOLES IN CROSSBAR.

3.5

Technical drawing of a mounting bracket assembly. The drawing shows a side view of a bracket with a central rectangular cutout. The bracket is mounted on a horizontal surface. Dimensions include a 3.5 unit width for the mounting flange and a 3.5 unit width for the central cutout. Callouts indicate existing mounting holes in the box and the need to drill Ø.281 holes in the crossbar. The drawing uses various line styles (solid, dashed, dotted) and colors (red, green, blue) to highlight specific features and dimensions.
